

# ERTOIL UTTO 10W30

## DESCRIPTION

10W-30 multi-grade oil formulated for transmissions, hydraulic systems, hydrostatic drives and oil-immersed brake systems used in tractors and agricultural machinery.

### **Product applications**

- High oxidation stability.
- o Good antiwear and extreme pressure properties.
- Excellent protection against corrosion and rust.
- High foam formation resistance.
- Excellent fluidity at low temperatures.
- Compatibility with sealing materials.

#### Product performance

- Reduces the build-up of sludge, lacquer and varnishes.
- High capacity to support heavy loads.
- Perfect lubrication for all work systems.
- Immediate oil circulation upon start-up.
- Eliminates vibrations and screeching in oil-immersed brake systems.

## QUALITY LEVELS

· John Deere JDM J20C/D	· CAT TO-2
· CNH MAT 3525 / 3505	• MF CMS 1135, 1141, 1143, 1145
· Allison C3/C4	· API GL-4

## TYPICAL CHARACTERISTICS

CHARACTERISTIC	ASTM STANDARD	ERTOIL UTTO 10W30
SAE Grade	<b>J300</b>	10W-30
Density 15°C, g/cc	D-4052	0.8854
Freezing point, °C max.	D-5949	-27
Flash point V/A, °C	D-92	214
Viscosity at 100°C, cSt	D-445	9.60
Viscosity at 40°C, cSt	D-445	56.46
Viscosity index	D-2270	155

## ENVIRONMENT, HEALTH and SAFETY

A Material Safety Data Sheet providing information on product hazards, handling precautions, first aid measures, and relevant environmental data is available for this product in accordance with the applicable legislation.

The typical values of the characteristics appearing in the table are average values given for guidance purposes only and do not constitute a guarantee. These values may be modified without any prior warning.
